

SUMMER FUN SLIME

INGREDIENTS

- 2 Bottles glitter glue
- 1 Tbsp Baking soda
- 1/4 cup Water
- 1-2 cups Shaving cream
- 1 1/2 Tbsp Renu® contact solution*
- Food coloring optional

INSTRUCTIONS

1. Pour glue, baking soda, and water into a large bowl. Mix until combined.
2. Add shaving cream and mix until thoroughly combined. The more shaving cream you add, the fluffier your Summer Fun Slime will be! Add optional food coloring to alter the color.
3. Pour in contact solution and mix for a few minutes. If your slime it is still too sticky, add more baking soda.
4. Time to play with your slime!

**We chose Renu® contact solution because it contains boric acid and sodium borate in the ingredients. These ingredients are needed to help form your slime.*

****Slime is not meant for consumption.****
